

केन्द्रीय विद्यालय जाखू, शिमला, हिमाचल प्रदेश में आयोजित #प्रकृति कार्यक्रम पर रिपोर्ट **Report on Prakriti Program organized at KVS Jakhoo, Shimla, H.P.**

#Prakriti Program under #MissionLiFE was organized by ICFRE-Himalayan Forest Research Institute in Shimla at KVS, Jakhoo Hills, Shimla, Himachal Pradesh on 03rd February, 2025. About 350 students actively participated in the programme. Dr. Vaneet Jishtu, Scientist-E, Head Extension, ICFRE-HFRI, Shimla delivered a comprehensive presentation on pressing environmental issues, stressing the critical need to preserve and expand green spaces. Presentation also included an in-depth focus on various aspects of Mission LiFE, particularly sustainable food system, energy saving, reduction of single-use plastic and the proper disposal of waste, encouraging the students to adopt sustainable practices. The students showed keen interest in learning about the environmental challenges. The students raised different queries which were addressed by Dr. Vaneet Jishtu through his expert opinion. At the end of the program, Sh. Vir Chand, Principal of KVS Jakhoo, and Sh. Sharab Dorje, Vice Principal, expressed their gratitude to the visiting team and to the Director of the Institute for organizing informative session in their school. This event underscores the ongoing efforts of ICFRE-HFRI to raise awareness and involve the youth in climate action, apprising them with the knowledge and skills needed to protect the environment and address global warming challenges.
